Chapter 2

File Documentation

2.1 wish.cpp File Reference

A simple shell implementation with basic command execution capabilities.

```
#include <iostream>
#include <sstream>
#include <vector>
#include <cstring>
#include <unistd.h>
#include <stdlib.h>
#include <stddef.h>
#include <sys/wait.h>
#include <fstream>
#include <algorithm>
#include <fcntl.h>
#include <sys/mman.h>
#include <string>
```

Include dependency graph for wish.cpp:
